INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Commissioners
City of Neoga
Neoga, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Neoga, Illinois, as of and for the year ended April 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Neoga, Illinois, as of April 30, 2014, and the respective changes in financial position and, where applicable, cash flows and the respective budgetary comparison for the General Fund, Economic Development Fund, Employee Benefits Fund, and Tax Increment Financing Fund, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note A to the financial statements, in 2014 the City adopted new accounting guidance, GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* and GASB Statement No. 66, *Technical Corrections-2012-an Amendment of GASB Statements No. 10 and No. 62*. Our opinion is not modified with respect to this matter.

Report on Supplementary and Other Information

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of Funding Progress on page 42 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has not presented management's discussion and analysis that governmental accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Neoga, Illinois' basic financial statements. The combining and individual nonmajor fund financial statements and additional information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The additional information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
April 30, 2014

Total fund balance - total governmental funds		\$ 2,146,129.91
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds balance sheet. This is the amount by which capital assets of \$1,374,371.89 exceeds accumulated depreciation of \$521,048.58.		853,323.31
Certain prepaid expenses do not require current financial resources. Therefore, these prepaid expenses are not reported as a liability in the governmental funds balance sheet.		38,920.65
Long-term liabilities are not due and payable in the current period and, therefore, they are not reported in the governmental funds balance sheet.		
Accumulated vacation and sick pay	11,051.42

CITY OF NEOGA, ILLINOIS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES
For the Year Ended April 30, 2014

Net change in fund balances - total governmental funds	\$ 165,084.82
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the government-wide statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.	51,560.83
Depreciation expense on capital assets is reported in the government-wide statement of activities, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in the governmental funds.	(60,025.27)
Certain prepaid expenses reported in the statement of activities do not require the use of current financial resources and are, therefore, not reported as expenditures in the governmental funds.	(1,807.22)
The City sold a capital asset with a net book value of \$30,500.30 which is only reported on the statement of activities.	(30,500.30)
Some expenses reported in the statement of activities do not require the use of current financial resources; and therefore, are not reported as expenditures in the governmental funds.	
Decrease in compensated absence expense	1,362.01
Decrease in other long-term liabilities	19,954.40
	19,954.40
Change in Net Position of Governmental Activities	\$ 145,629.27

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Neoga, Illinois, conform to U.S. generally accepted accounting principles as applicable to governments.

The following is a summary of the City's more significant accounting policies:

- a) Reporting Entity – The City is governed by an elected Mayor and Commissioners. The City is considered to be a primary government and has no component units over which it exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the City.
- b) Basis of Presentation – The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The City's basic financial statements include both government-wide and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general, special revenue, and permanent funds are classified as governmental activities, while the City's proprietary funds are classified as business-type activities.

Government-Wide Financial Statements:

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or identifiable activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or identifiable activity. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements:

Separate statements are presented for governmental funds and proprietary funds. These statements present each major fund as a separate column on the fund financial statements. All non-major funds are aggregated and presented in a single column. The following fund types are used by the City:

Governmental Funds:

Governmental funds are those funds through which most governmental functions typically are financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is on determination of "financial flow" (sources, use and balances of financial resources). The City presented the following major governmental funds:

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

General Fund – is the main operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the General Fund. The Cemetery Maintenance Fund is combined with the General Fund for financial statement purposes because this fund no longer has substantial restricted or committed inflows.

Special Revenue Funds – are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes.

Economic Development Fund – is a special revenue fund used to account for the economic development loans and assistance made to local businesses. The major source of revenue is interest income from loan repayments.

Employee Benefits Fund – is a special revenue fund used to account for employee payroll withholdings and expenditures related to payroll taxes and retirement contributions. The major source of revenue includes the City's dedicated property tax levy.

Tax Increment Financing Fund – is a special revenue fund used to account for revenues and expenditures related to redevelopment projects within the Neoga tax increment financing area.

The other governmental funds of the City are considered non-major and are as follows:

Motor Fuel Tax Fund – is a special revenue fund used to account for revenues and expenditures related to projects financed by the state gasoline tax collected and distributed by the State of Illinois.

Business District Fund – is a special revenue fund used to account for revenues and expenditures related to redevelopment projects within the Neoga business district area.

IKE Grant Fund – is a special revenue fund used to account for revenues and expenditures related to the Illinois IKE Disaster Recovery Public Infrastructure Program grant awarded to the City. Grant revenues will be used to construct a storm water retention facility along with channel improvements.

Permanent Funds – are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used to support programs of the City.

Cemetery Perpetual Fund – is a permanent fund used to account for interest earned on principal, which is restricted for use on expenditures for the maintenance of City cemeteries.

Proprietary Funds

Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting, which is similar to businesses in the private sector. The measurement focus is upon income determination, financial position and cash flows. The City presented the following major proprietary funds:

Enterprise funds are used to account for operations (1) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

Water Fund – is an enterprise fund used to account for the operations of providing a safe and adequate water supply for fire protection, domestic and industrial use.

Sewer Fund – is an enterprise fund used to account for the operations of providing an adequate sewerage system for the City.

- c) Measurement Focus and Basis of Accounting – Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. Measurement focus is used to describe which transactions are recorded within the various financial statements.

Government-Wide Financial Statements – On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position and cash flows. The basis of accounting used on the government-wide financial statements is the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Fund Financial Statements – All governmental funds utilize a current financial resources measurement focus. Only current financial assets, deferred outflows of resources, liabilities, and deferred inflows of resources are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period. Governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Revenues are considered to be available when they are collectible within the current period to be used to pay current liabilities. The City uses a sixty day collection period to determine availability of revenues for property taxes and 120 days for all other revenue sources. Expenditures are recorded when the related fund liability is incurred. Proprietary funds utilize an economic resources measurement focus and the accrual basis of accounting. This is the same measurement focus and basis of accounting used on the government-wide financial statements. Nonoperating revenues and expenses for proprietary funds are defined as transactions for which cash flows are reported as capital and related financing activities, noncapital financing activities, and investing activities, which are normally not reported as components of operating income.

- d) Budgets and Budgetary Accounting – The City follows these procedures in establishing the budgetary data reflected in the financial statements:
1. A proposed operating budget is submitted to the City council for the fiscal year commencing May 1. The operating budget includes proposed expenditures and the means of financing them.
 2. Public hearings are conducted to obtain taxpayer comments.
 3. Prior to August 1, the appropriations are legally enacted through passage of an appropriation ordinance.
 4. The tax levy ordinance is adopted and filed with the county clerk on or before the last Tuesday in December.
 5. All annual appropriations lapse at fiscal year end.
 6. All budgets are adopted on a cash basis which is inconsistent with U.S. generally accepted accounting principles (GAAP) which require accrual basis reporting. All budget comparisons presented in this report are on a non-GAAP budgetary basis and are compared with actual cash receipts and disbursements. A reconciliation of the timing differences in excess of revenues over (under) expenditures for the year ended April 30, 2014, is presented below:

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

	<u>General</u>	<u>Economic Development</u>	<u>Employee Benefits</u>	<u>Tax Increment Financing</u>
Excess of receipts (disbursements) (budgetary basis)	\$171,615.35	\$ 64,258.96	\$ (9,828.28)	\$ 27,431.13
Increase (decrease) in receivables and prepaid expenses	(21,634.17)	(53,887.05)	2,624.12	120,732.18
(Increase) decrease in payables and other liabilities	(649.08)	(1,743.56)	75.24	9,581.23

- e) Cash and Cash Equivalents – For purposes of the statement of cash flows, all demand and savings accounts and certificates of deposit or short-term investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.
- f) Interfund Activity – Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.” Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements are when a fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Interfund transfers during the year ended April 30, 2014, were as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>
Governmental Activities:		
General Fund	\$ 33.52	\$ 20,000.00
IKE Grant Fund	20,000.00	-
Cemetery Perpetual Fund	<u>-</u>	<u>33.52</u>
 Total Governmental Activities	 <u>\$ 20,033.52</u>	 <u>\$ 20,033.52</u>

A transfer of \$33.52 was made from the Cemetery Perpetual Fund to the General Fund to provide funding for cemetery maintenance expenditures.

A transfer of \$20,000.00 was made from the General Fund to the IKE Grant Fund to provide funding for the local share of grant project expenditures.

- g) Property Taxes – Property taxes are deferred in the fiscal year for which they are levied and are recorded as revenue in the fiscal year in which they are received. Taxes levied and uncollected are carried as an asset of the appropriate fund. The City's property tax calendar is as follows:
1. Property is assessed on January 1 each year.
 2. The tax levy ordinance was adopted and filed with the county clerk on December 9, 2013.
 3. Property taxes are due to be collected on June 1 (first installment) and September 1 (second installment) in the year following the levy year.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

- h) Capital Assets and Depreciation – Capital assets, which includes property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities column in the government-wide financial statements and in the fund financial statements for proprietary funds. Land, buildings, storm sewers, sidewalks, traffic signals, water system and improvements, sewer system and improvements, vehicles, and all other infrastructure and improvements other than buildings with an original cost of \$10,000 or more are capitalized. Streets, curbs, bridges and fire apparatus with an original cost of \$50,000 or more are capitalized. Machinery, equipment and computer software with an original cost of \$2,500 or more and office equipment with an original cost of \$1,000 or more are capitalized. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are stated at their fair market value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The City reports all major general infrastructure assets constructed or acquired in fiscal years ending after April 30, 2004, or that received major renovations, restorations, or improvements during that period. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	50
Bridges	50
Storm sewers	50
Water/sewer system and improvements	30
Sidewalks/bike paths	20
Traffic signals	20
All other infrastructure and improvements other than buildings	20
Streets/curbs/gutters	20
Fire apparatus	20
Vehicles	7
Machinery and equipment	5
Computer software	5
Office equipment	3

- i) Operating Revenues and Expenses – The City’s proprietary funds distinguish between operating and nonoperating revenues and expenses. Operating revenues and expenses of the City’s water and sewer funds consist of charges for services (including tap fees) and the cost of providing those services, including depreciation and excluding interest cost. All other revenues and expenses are reported as nonoperating.
- j) Deferred Outflows and Inflows of Resources – The City reports a decrease in net position/fund balance that applies to a future period as deferred outflows of resources in a separate section of its government-wide and proprietary funds statements of net position and the governmental funds balance sheet. The City had no deferred outflows of resources in the current year.

The City reports an increase in net position/fund balance that applies to a future period as deferred inflows of resources in a separate section of its government-wide and proprietary funds statements of net position and the governmental funds balance sheet. The City will not recognize the related revenues until a future event occurs. Under the modified accrual basis of accounting, governmental fund revenues are not recognized until available. Accordingly, unavailable property taxes are reported in the government-wide statement of net position and the governmental funds balance sheet. The City had no deferred inflows of resources that affect the proprietary fund financial statement in the current year.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

- k) Net Position – Government-wide and proprietary fund net position is divided into three components:
1. Net investment in capital assets – consist of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.
 2. Restricted – consists of net position that is restricted by the City’s creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by both federal and state grantors and by other contributors.
 3. Unrestricted – all other net position is reported in this category.
- l) Fund Balance - The following classifications describe the constraints placed on the purposes for which resources can be used:
1. Nonspendable fund balance – consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.
 2. Restricted fund balance – consists of amounts that are subject to outside restrictions, such as those imposed by creditors, grantors, contributors, or laws and regulations of other governments, or by law through constitutional provisions or enabling legislation.
 3. Committed fund balance – consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision making authority (the City Council Members). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.
 4. Assigned fund balance – consists of amounts that are constrained by the government’s intent to be used for a specific purpose, but are neither restricted nor committed. The intent can be expressed by the City Council Members or by an official or body which the Council delegates authority.
 5. Unassigned fund balance - consists of amounts available for any purpose and positive amounts are reported only in the General Fund.

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

- m) Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- n) Recently Issued and Adopted Accounting Pronouncements – In 2014, the City implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This statement redefines certain financial elements previously reported as assets and liabilities as deferred outflows of resources and deferred inflows of resources. In addition, this statement changes the method of reporting debt issuance costs. Prior to GASB Statement No. 65, debt issuance costs were capitalized and amortized over the life of the related debt. Under GASB Statement No. 65, debt issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred. Prepaid insurance costs are reported as an asset and recognized as an expense in a systematic and rational manner over the duration of the related debt. See Note P for the restatement of previously reported net position due to the implementation of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

In 2014, the City implemented GASB Statement No. 66, *Technical Corrections-2012-an Amendment of GASB Statements No. 10 and No. 62*, which resolves conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The adoption of this statement does not have any impact on the City's financial statements.

NOTE B - RESTRICTED ASSETS

The amounts reported as restricted assets are cash and investments related to their required bond payable accounts as described in Note I, and amounts held for customer utility meter deposits. The restricted assets as of April 30, 2014, are as follows:

<u>Type of Restricted Assets</u>	<u>Cash</u>
Meter deposits	\$ 9,221.10
Bond payable	<u>4,167.26</u>
Total	<u>\$ 13,388.36</u>

NOTE C - CASH AND INVESTMENTS

The City is allowed to invest in securities as authorized by 30 ILCS 235/2 and 235/6. At April 30, 2014, the City had the following cash deposits and investments:

Governmental Activities:	
Cash on hand	\$ 250.00
Cash deposits	2,038,427.97
Certificates of deposit	<u>13,400.00</u>
	<u>\$2,052,077.97</u>
Business-Type Activities:	
Cash Deposits	<u>\$ 574,635.01</u>

Disclosures Relating to Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The City minimizes its exposure to interest rate risk by limiting its purchases of long term investments and by structuring investments to mature to meet cash requirements. At April 30, 2014, the City's investments consisted of deposits with local financial institutions. The City had a certificate of deposit with a maturity of 12 months.

Disclosures Relating to Credit Risk:

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's cash and investments held with local financial institutions are not subject to credit risk rating.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

Concentration of Credit Risk:

The City's investment policy does not place limitations on the amount that can be invested in any one issuer. Cash and investments held with local financial institutions are exempt from the 5% investment in any one issuer disclosure.

Custodial Credit Risk:

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Deposits in federally insured banks and savings and loans are insured up to \$250,000 per custodian. The City's investment policy requires that all amounts deposited or invested with financial institutions in excess of any insurance limit be collateralized by securities held by the City in the City's name. As of April 30, 2014, the City had cash deposits and investments of \$31,927.61 that were uncollateralized.

Foreign Currency Risk:

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair values of deposits or investments. None of the City's deposits or investments are directly subject to foreign currency risk.

The City has the following active construction in progress projects:

Construction in progress for governmental activities includes a project for storm drainage improvements. The City was awarded a \$488,251.00 Illinois IKE Disaster Recovery Program grant from the Illinois Department of Commerce and Economic Opportunity. As of April 30, 2014, \$109,345.88 has been expended for engineering and construction costs. The total estimated cost of the project is \$548,927.88 and the estimated completion date is December 2014.

Construction in progress for business-type activities includes a project for sewer system improvements. The design engineering for the project is funded by a \$100,000 Community Development Assistance Program grant. The City was awarded a \$350,000 Community Development Assistance Program grant in June 2004 for interceptor sewer upsizing and wastewater treatment plant improvements. The City was awarded an additional \$350,000 Community Development Assistance Program grant in fiscal year 2007. Phase I of the project was completed April 2007 for a total of \$864,878.79. Phase II of the project was completed November 2008 for a total of \$666,438.91. As of April 30, 2014, \$8,015.19 has been expended for Phase III of this project. The estimated cost of the project and expected completion are unknown at this time.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

Construction in progress for business-type activities also includes a project for water main improvements. The City was awarded a \$46,980.00 water main improvement design grant from the Illinois Department of Commerce and Economic Opportunity. As of April 30, 2014, \$54,650.00 has been expended for design engineering costs. The total estimated cost of the project is \$552,595.00 and the estimated completion date is September 2015.

NOTE E - DEFERRED COMPENSATION PLAN

The City maintains a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The deferred compensation plan is available to all City employees and permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Amendments to the laws governing Section 457, deferred compensation plans, substantially became effective January 1, 1997. The City approved plan amendments such that plan assets are held in trust, with the City serving as trustee, for the exclusive benefit of the plan participants and their beneficiaries. The assets will not be diverted to any other purpose. The City's beneficial ownership of plan assets will be held for the further exclusive benefit of the plan for the exclusive benefit of participants and beneficiaries.

It is the opinion of the City's legal counsel that the City, as trustee, has no liability for plan losses but does have the duty of due care that would be required of an ordinary prudent investor.

Total plan assets as of March 31, 2014 (latest information available) held by Nationwide Retirement Solutions was \$149,887.79.

NOTE F - VACATION, SICK PAY AND OTHER EMPLOYEE BENEFITS

Accumulated unpaid vacation and sick pay amounts for governmental fund types are not accrued in the fund financial statements because they would not normally be liquidated with expendable available financial resources. The accumulated amount is recorded on the accrual basis in those funds on the government-wide financial statements.

Accumulated unpaid vacation and sick pay amounts for proprietary funds are recorded on the accrual basis in those funds on both the fund financial statements and government-wide financial statements.

Accumulated vacation and sick pay liability at April 30, 2014 is as follows:

	<u>Accrued Vacation Pay</u>	<u>Accrued Comp and Sick Pay</u>	<u>Total</u>
Governmental Activities:			
General Fund	\$ 8,652.93	\$ 2,398.49	\$ 11,051.42

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

NOTE G - DEFINED BENEFIT PENSION PLAN

Plan Description:

The City's defined benefit pension plan provides retirement and disability benefits, post retirement increases and death benefits to plan members and beneficiaries. The City plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained on-line at www.imrf.org.

Funding Policy:

As set by statute, plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2013 was 24.77 percent. The City also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost:

The required contribution for the year ending April 30, 2014 was \$80,000.

THREE-YEAR TREND INFORMATION

<u>Actuarial Valuation Date</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
04/30/14	\$ 80,000	100%	\$ -
04/30/13	83,275	100%	-
04/30/12	75,798	100%	-

The required contribution for 2013 was determined as part of the December 31, 2011 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2011, included (a) 7.50% investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the City's plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The City plan's unfunded actuarial accrued liability at December 31, 2011 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress:

As of December 31, 2013, the most recent actuarial valuation date, the plan was 71.80 percent funded. The actuarial accrued liability for benefits was \$998,028 and the actuarial value of assets was \$716,546, resulting in an underfunded actuarial accrued liability (UAAL) of \$281,482. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$324,887 and the ratio of the UAAL to the covered payroll was 87 percent.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

The schedule of funding progress, presented as required supplemental information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE H - CDAP LOANS RECEIVABLES

As a part of the Illinois Community Development Assistance Grant program, loans at an interest rate of 3-5% were made available to the property owners and local businesses. Principal and interest collected on these loans is considered to be program income and must be spent in the same area as the original grant. Original balance of the loans was \$1,440,000.00. At April 30, 2014, the balance was \$11,380.28.

NOTE I - LONG-TERM DEBT

The City signed a redevelopment agreement with Westmore Equities, LLC in January 2011 to reimburse costs for the construction of a new building for a retail business in the City's TIF District. The City is to reimburse Westmore Equities, LLC 75% of TIF property tax revenues on the property annually until the Neoga Tax Increment Financing District #1 expires in 23 years. The maximum amount to be paid over that period is \$250,000.00. It can be reasonably estimated that the City will pay the maximum amount in the agreement.

The City signed a redevelopment agreement with Westmore Equities, LLC in September 2010 to reimburse costs for the construction of a new building for a retail business in the City's Business District. The City is to reimburse Westmore Equities, LLC 100% of the Business District sales tax revenues collected on the property annually until the Neoga Business District expires in 23 years. The maximum amount to be paid over that period is \$158,000.00. It can be reasonably estimated that the City will pay the maximum amount in the agreement.

NOTE K - MAJOR CUSTOMER

On March 30, 2000, the City signed an agreement with Reliant Energy Shelby County, LP for its water usage at \$0.315 per 1,000 gallons with a minimum monthly water fee of \$600 per month to be adjusted annually. As consideration of discharge, the user fee will equal \$2.65 per 1,000 gallons of water discharged by Reliant to Neoga Wastewater Treatment System with a minimum fee of \$3,500 per month to be adjusted annually. Reliant paid \$65,673.59 or 12.44% of water and sewer revenue to the City during the fiscal year ended April 30, 2014.

Totals		<u>\$11,699.90</u>	<u>\$ 1,176.00</u>	<u>\$ 9,581.23</u>	<u>\$ 3,294.67</u>

The General Fund paid the administrative expenditures to create a Tax Increment Financing District Fund for \$9,581.23 and a Business District Fund for \$2,118.67. Tax Increment Financing Fund reimbursed the General Fund during the fiscal year and the Business District Fund will reimburse the General Fund when funding is available.

The City paid an expenditure from the General Fund and was later refunded the expenditure which was deposited into the Economic Development Fund. The City will reimburse the General Fund from the Economic Development Fund for \$1,176.00 in the next fiscal year.

NOTE M - RELATED PARTY TRANSACTIONS

The City received bids to rebuild the water plant pump house. The City Council approved the lowest responsible bidder which was an area business co-owned by a City Commissioner. The total cost of the building was \$16,400.00 and is reported as a capital asset in the Water Fund on the statement of net position.

NOTE N - LEASING AGREEMENT

The City signed a cash rent farm lease dated March 12, 2012 for farm land owned by the City. The term of the lease is from March 1, 2012 to February 28, 2015. The tenant will pay the City \$292.00 per acre for a total of \$13,750.28 annually. The lease will not automatically renew each year and the City has the option to extend the lease or sign a new lease agreement. The City recognized lease revenue of \$13,750.28 for the year ending April 30, 2014.

The City signed a real estate lease agreement dated February 11, 2013 for real estate owned by the City. The term of the lease is from February 1, 2013 to January 30, 2012. The tenant will pay the City \$10.00 per year. Either party has the right to terminate the lease on December 1, 2016, and on December 1 of every third year thereafter. The City recognized lease revenue of \$10.00 for the year ending April 30, 2014.

NOTE O - RISK MANAGEMENT

The City is exposed to various risks of loss including, but not limited to, general liability, property casualty, workers compensation and public official liability. To limit exposure to these risks, the City purchases commercial insurance.

CITY OF NEOGA, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

NOTE P - ACCOUNTING CHANGE

The City has restated beginning net position as of May 1, 2013 to write off prior year unamortized bond issue costs related to the implementation of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. The beginning net position was restated as follows:
